C - Child required with adult riders. L - Lifesty required for guests under 48".

\* The Xtreme SkyFlyer, Launch Pad & Thunder Raceway are pay-for-experience attractions. Please refer to the Safety Guide Sign located at the ride for additional information.

## Ride Rating System

To better assist you in choosing attractions you may wish to experience, each of our rides has been rated according to the following system. Ratings are based on the intensity, speed, and directional changes of each individual ride. The Ride's rating can be found on the Safety sign at the entrance of each ride. Please be aware of the recommendations and restrictions for each ride.

- Low Thrill Ride** – Rides that are generally calm and gentle in nature.
- Mild Thrill Ride** – Rides that generally have low speeds with gentle motion and braking. Rides have smooth transitions with some changes in elevation and speed.
- Intermediate Thrill Ride** – Rides that generally have low to medium speeds and/or heights with moderate motion and braking. Riders may encounter unexpected changes in speed, direction and/or speed during portions of the ride.
- High Thrill Ride** – Rides that generally have medium to high speeds and/or heights with moderate to rapid braking. Riders may encounter unexpected changes in speed, direction and/or elevation.
- Aggressive Thrill Ride** – Rides that generally have one or more of the following: high speeds and/or heights, aggressive and unexpected forces, and rapid directional or elevation change. Riders will encounter many unexpected rapid changes in speed, direction and/or elevation.

**WARNING!** For safety, you should be in good health and without recent surgery or illness and free from high blood pressure or any condition or limitation of the heart, back, neck or bones that may be aggravated by most park attractions. Expectant mothers should not ride. Please see the Safety signs at the entrance of each ride for specific health and safety guidelines.

A description of the WaterWorks Ride Rating System is posted at the entrance to WaterWorks.

**Responsible Persons** – Several attractions require that riders under a certain height be accompanied by a responsible person to ride. All responsible persons must be at least 16 years old; meet the ride criteria to experience the attraction; ensure that the child being accompanied remains properly seated and follows all rules and regulations of the attraction.
